Report on World Water Day Celebration

On 22nd March, 2021, World Water Day will be celebrated world wide. The World Water Day celebrates to raise awareness of the global water crisis, and a core focus of the observance is to support the achievement of Sustainable Development. The theme of World Water Day 2021 is “**Valuing water**”. The value of water is about much more than its price. Water has enormous and complex value for our households, food, culture, health, education, economics and the integrity of our natural environment. If we overlook any of these values, we risk mismanaging this finite, irreplaceable resource.

Keeping this in mind Department of Civil Engineering conducted an awareness program on **World Water Day** on **22nd Mar 2021** under CRANES Student Association at Civil Dept seminar hall. The chief guest for this event is Mr.B.Mohan Rao, DEE, Rural water supply & Public Health Department, RWS,Venkatagiri.

Ms.S.Supriya, student from IV Civil started the program by giving an introduction about today’s event. Later she invited the chief guest. And HOD of Civil Prof. K.Yugandhar Reddy on to the Dias. The chief guest started his speech on World Water day and importance of celebrating world water day on every year at March 22nd. Later a pledge was given by students to conserve the water resources. Finally at the end of event civil engineering department staff felicitated the guest.

Later Ms.P.Sujana from IV civil gave her inspirational presentation about how to conserve water and importance of water resources for irrigational and domestic purposes.
