## REPORT:

An **Anti-drug awareness program** was conducted in the institute under **NSS UNIT**. Sri.Dasaradharamaiah, CI, Gudur and Sri. Brahma Naidu, SI, Gudur was invited as a chief guest for creating an awareness on the ill-effects of drug and alcohol consumption, in a comprehensive manner. Sri.Dasaradharamaiah in his motivational speech, informed that every day India sees 10 suicides related to drug abuse. He also added that a report by the central government demonstrated that the vast majority of youth are receiving drug and alcohol prevention messages from sources such as TV, radio, posters and pamphlets, Movie ads and campaigns as this. Furthermore, the report on its special analysis showed that those who have been exposed to such messages are significantly less likely to abuse drugs.

The Government of India is taking every visible effort to prevent teen drug use via the National Youth Anti-Drug Media Campaign, especially for those making the difficult transition from schools to colleges via their National-level Anti-Drug Policies.

Principal in this event stated that youth are the largest force of our nation and it must be directed in a positive way for their happy, healthy and holy living. Principle expressed that youth only can save themselves by conducting large number of events campaigning the anti-drug messages to make a significant impact in the society. He said Government of AP is taking all necessary measures about bringing awareness in to the public via TV, radio, posters, pamphlets and movies advertises on anti- alcohol and drug prevention messages in the past 2 years rigorously.

In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

REPORT:

Students participated in the "SPIT FREE INDIA MOVEMENT" organized by NSS Cell, JNTUA in association with Narayana Health Centre on how chewing tobacco during COVID-19 contribute to spitting in public which could enhance the risk of COVID-19. We are proud to say that NSS unit of our college is educating the staff, students and our stakeholders to take care of themselves during this global pandemic. We have to defeat Corona virus and everyone has to join hands. We need to leave the habit of spitting because we have to save our country. Currently, our country is under the threat of Corona virus and the fatal disease also spreads by spitting. E-Certificates were issued for those who participated in the programme.

REPORT:

The National Voters' Day has been celebrated on January 25 every year since 2011, all across the country to mark the foundation day of the Election Commission of India on January 25, 1950.

Narayana Engineering College, Gudur NSS Unit organized National Voters' Day on 25/01/2021. The focus is on popularizing electoral participation and disseminating information about electoral processes. It also focuses on all activities meant to generate voter awareness, thereby leading to voter empowerment and eventually strengthening participatory democracy in India, with particular emphasis on participation of youth. On this day oath was taken by the students regarding fair voting and also conducted rally on this occasion, to bring awareness in the public.

### REPORT:

The observance of this Day aims to promote an understanding of disability issues and mobilize support for the dignity, rights and well-being of persons with disabilities. Narayana Engineering College, Gudur NSS Unit organized World Disabled day on 15-03-2021 in association with CRC NELLORE, Department of Social Justice & Empowerment. The theme for the World Disabled day is 'Not All Disabilities are Visible'. Some disabilities, like mental health disorders, chronic pain and fatigue, are invisible – but that does not make them any less devastating to someone's quality of life.

REPORT:

The COVID-19 vaccines produce protection against the disease, as a result of developing an immune response to the SARS-Cov-2 virus. Developing immunity through vaccination means there is a reduced risk of developing the illness and its consequences. This immunity helps you fight the virus if exposed. Getting vaccinated may also protect people around you, because if you are protected from getting infected and from disease, you are less likely to infect someone else. This is particularly important to protect people at increased risk for severe illness from COVID-19, such as healthcare providers, older or elderly adults, and people with other medical conditions. Narayana Engineering College, Gudur NSS Unit organized Awareness Rally on COVID Vaccination on 16/03/2021.

In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

## REPORT:

A Blood donation camp was organized by our NSS unit, in collaboration with Government Area Hospital, Gudur, through which more than 85 units of blood was donated by both students and the staff members of our Narayana Engineering college. It is a way of Narayana Engineering College; Gudur gesture in bringing a ray of hope to contribute to the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it. In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

## REPORT:

The theme for World Health Day 2021 is '**Building a fairer, healthier world**'. Stating that our world is unequal, WHO said that the COVID-19 pandemic has highlighted how some people can have better access to health services and live healthier lives than others. We as teachers need to review the importance of living a healthy lifestyle and inculcate those values in our students. Its great day for students to get out of their seats and get their blood pumping or enjoy some much need meditation to help with their anxiety. This World Health Day, we're calling for action to eliminate health inequities, as part of a year-long global campaign to bring people together to build a fairer, healthier world. The campaign highlights WHO's constitutional principle that "the enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without distinction of race, religion, political belief, economic or social condition."

On the occasion of World Health Day 2021, MCA Dept, NSS unit was conducted online quiz, in collaboration with Government Area Hospital, Gudur. In this event, Principal, NSS Programme Officer N.Koteswara Rao, MCA HOD .faculty members along with students were present as decent audience.

## REPORT:

The NSS unit of dept. of ECE, Narayana Engineering College, Gudur (AUTONOMOUS) has celebrated "World Earth Day" on 22.04.2021 to create awareness among the students on protecting the Earth's Ecosystem. Earth Day is an annual event, celebrated on April 22. It was first celebrated in 1970, and is now coordinated globally by the Earth-Day-Network and being celebrated in more than 193 countries each year. In India, Ministry of Earth Sciences and its Institutes are celebrating Earth Day on 22nd April every year. The Theme of this year Earth Day is "Restore Our Earth".

On the occasion of Earth Day, the department has organized Elocution competition for II year students on the topic "Natural Processes and emerging technologies to restore World's Ecosystem". Climate change and other environmental degradations have broken our natural systems, leading to new and fatal diseases as well as a breakdown of the global economy. We must Restore Our Earth not just because we care about the natural world, but because we live on it. Every one of us needs a healthy Earth to support our jobs, livelihoods, health & survival, and happiness. A healthy planet is not an option — it is a necessity.

Elocution competition was conducted to spread the awareness among the students how fragile our planet is and how important it is to protect it. We celebrate Earth Day to continue promoting environmental awareness and to remind us that we can protect the earth in our everyday lives as well.

## PHOTOS:

A total of 32 students have participated in this event. First prize is won by K.Chowrika, second prize by SK.Shahabaz, Third prize by B.Tejaswini. The prizes were distributed by Prof A. Hazarathaiah, Associate HOD and Mr. B. Malakonda Reddy, Associate Professor, Dept. of ECE.

Meeting ID: 812 9078 4478

Passcode: 700800

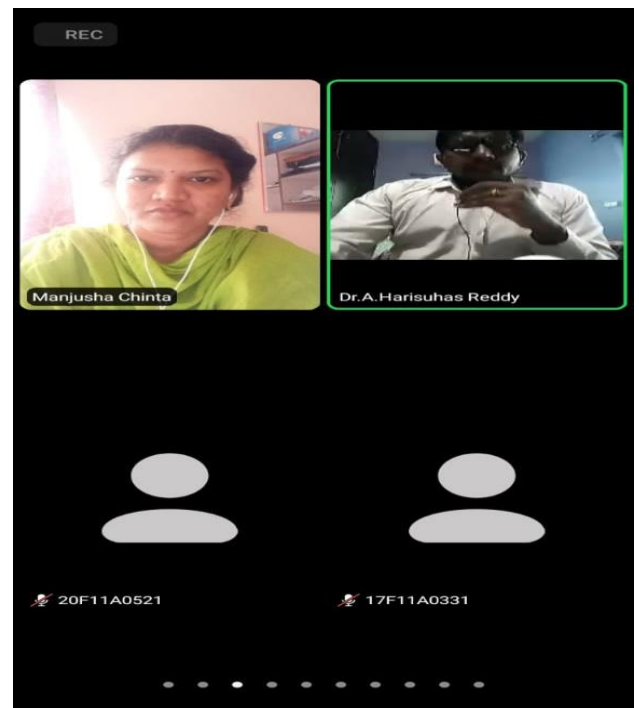

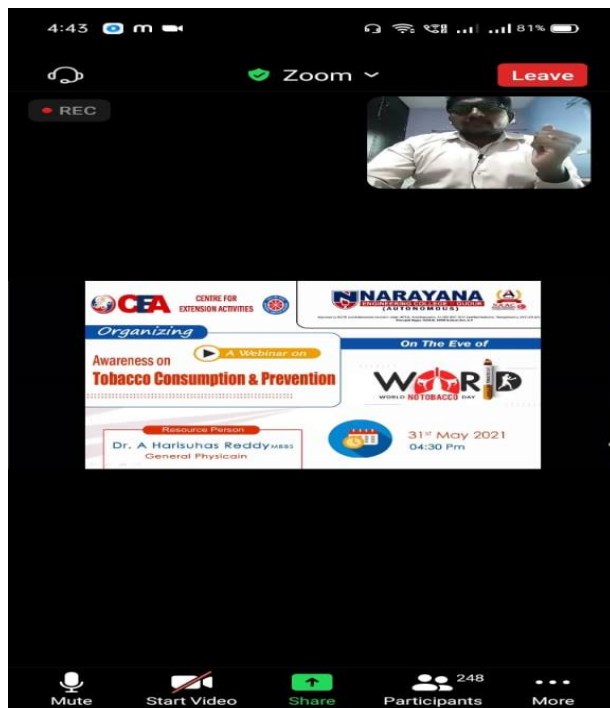

REPORT:

Every year on 31st May is observed as **World No Tobacco day** throughout the globe with World Health Organization initiative (WHO). According to WHO, Nicotine contained in tobacco is highly addictive and tobacco use is a major risk factor for cardiovascular and respiratory diseases, over 20 different types or subtypes of cancer, and many other debilitating health conditions. Smoking while pregnant can lead to several life-long health conditions for babies. Most tobacco-related deaths occur in low- and middle-income countries, which are often targets of intensive tobacco industry interference and marketing. This year's theme is protection of younger generations, focusing on "Protecting youth from industry manipulation and preventing them from tobacco and nicotine use".

The NSS unit of Narayana Engineering College, Gudur (AUTONOMOUS) has observed **"World No Tobacco day"** on 31.05.2021 to create awareness among the students on tobacco consumption and prevention. On this occasion, we have invited Dr. A. Harisuhas Reddy, M.B.B.S., to give an awareness talk. He has given valuable suggestions and advices on tobacco consumption and prevention. In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

REPORT:

To create awareness about dengue, its causes, symptoms and remedies MBA Dept.NSS unit organized Dengue Awareness Campaign as a part of village adoption. The students were accompanied by the following staff N.Koteswara Rao and P Swarna Latha. This awareness program was conducted in the neighbourhood villages which include Janardhan Reddy Colony and Dhurjati Nagar Colony. The NSS volunteers took this opportunity to create awareness among the public about dengue and the Aedis Mosquito which causes the dengue. The students also showed them the "Larva" which emerges from the egg of Aedis Mosquito. Students visited each house and especially slum areas and created consciousness among lots of People who were unaware of these Dengue situations and also informed them about the Dengue fever, its severe effects and how to tackle these situations in an easy simplified manner so that they could remain safe. The students also requested the people not to leave the water to get accumulated nearby their residences. The campaign covered around 100 houses in the neighbourhood villages. This effort was highly appreciated by the public.

"Helping Hands (Food Distribution)" in the old age home on 03-02-2021. A group of staff members and students from our institution went to old age home for distributing food to the aged people. Nearly 30 old age people are staying in the old age home. Some of inmates of the old age home are left by their children to get rid of their responsibility. We have made our humble contribution to bring some amount of comfort to the senior citizens left mercilessly without any care or compassion.

REPORT:

"Our health is our greatest treasure". Taking care of one's health is of utmost importance for everyone. But in our daily life, we look for excuses to not to visit our doctor. Be it for saving money or for other under the pretext that I am too young and healthy to go to a doctor or I don't have time today; may be next week, I'll get an appointment, and hence we keep on ignoring or neglecting our health. We do not understand a simple fact that performing regular health check – ups from young age can actually save preventing many diseases. Saving some bucks today by ignoring periodic check-ups, we increase the risk of occurrence of several health issues at a later date. In order to bring awareness on regular health check-ups, to improve the quality of life and for enjoying good health throughout one's life; under the guidance of Principal, Narayana Engineering College, Gudur, in association with Narayana Medical College, Nellore had organized a "Free Health CheckUp Camp" at Vindhuru Village on 29-01-2021. The enthusiastic NSS Team, Faculty members including respected Principal, students have participated in health check-up camp.

While people from urban areas realize the role of education and aim to create a strong foundation for their young ones, rural India paints a different picture. It is not unusual

to see countless villages where education is disregarded. People from these areas are oblivious to the concept of getting an education and prefer to overlook the potential of schooling their little ones. They are unaware of the opportunities after education. Hence, there is a crucial need to help them realize and create awareness about education. Residents in rural areas often urge their children to take up domestic tasks or help in labour, instead of helping them attain an education. This is why the illiteracy rate in India is not surprising. We conducted educational awareness programme on 27-01-2021 at vindhuru Village. We highlight the plethora of opportunities that lay in store for young kids. In an effort to build on our work, we identify students who are good at academics and provide them with the necessary support. The NSS Team, Faculty members, students have participated in the camp.

### REPORT:

CSE department NSS unit has conducted an "Awareness program on Prevention of Heart Attack & Stroke" on the eve of "**WORLD HEART DAY**" in association with Narayana Medical College, Nellore on 29-09-2021. It's a reminder to take care of your heart so that you live a

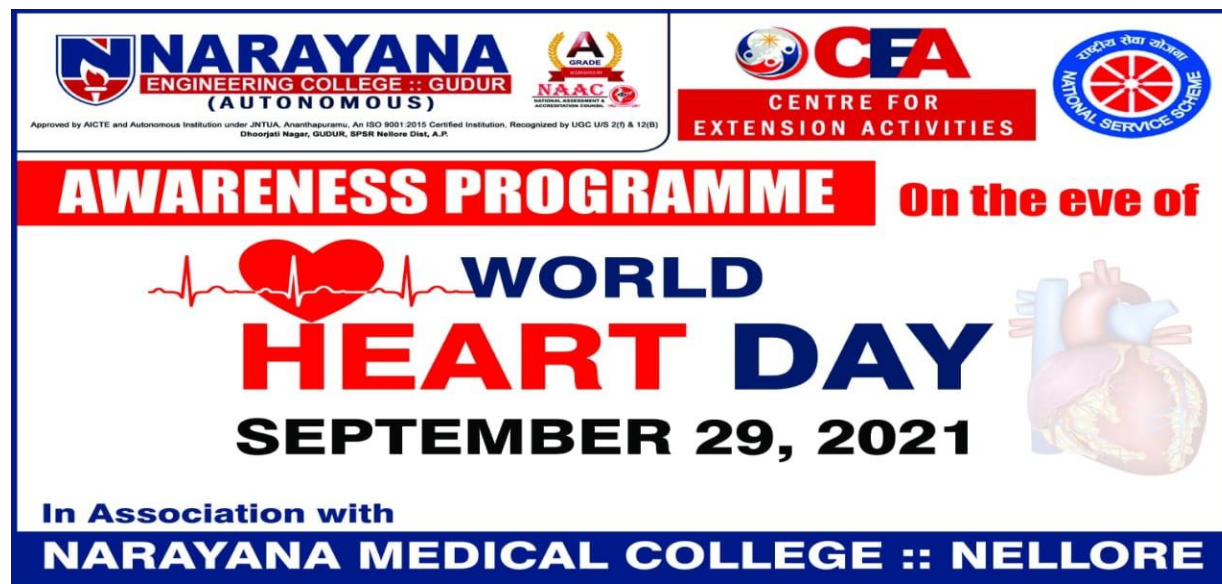

better, longer and more heart-healthy life. Do what it takes to start, to have a healthy heart. The one organ in our body which gives us the real meaning of being alive is our heart.

The Doctor had discussed many topics related to heart, prevention of heart diseases, symptoms, risks, diet to be taken and things to follow daily to be healthy etc... Dr.Prabhakar Rao, Senior Cardiologist, Narayana Hospital Discussed many discussed many topics.

Heart disease is often avoidable. Following a heart-healthy lifestyle doesn't have to be complicated, and it doesn't mean you need to live a life of self deprivation. Instead, find ways to incorporate heart-healthy habits into your lifestyle and you may well enjoy a healthier life for years to come.

***“Misfortunes always come in by a door that has been left open for them “***

In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

## REPORT:

FIT INDIA Movement was launched on 29th August, 2019 by Honourable Prime Minister with a view to make fitness an integral part of our daily lives. The mission of the Movement is to bring about behavioural changes and move towards a more physically active lifestyle. Towards achieving this mission, Fit India proposes to undertake various initiatives and conduct events to achieve the following objectives:

- To promote fitness as easy, fun and free.
- To spread awareness on fitness and various physical activities that promotes fitness through focused campaigns.
- To encourage indigenous sports.
- To make fitness reach every school, college/university, panchayat/village, etc.
- To create a platform for citizens of India to share information, drive awareness and encourage sharing of personal fitness stories.

As part of fit India Freedom Run, Narayana Engineering College, Gudur NSS unit and Physical education department has organized Fit India Freedom Run from gudur railway station to sangam theatre centre. Principal flagged off the Run from the railway station and appealed the participants to stay fit to face the adversities of life and help in building a much stronger country. Totally 103 students and 8 staff members were participated in the event with full of joy and enthusiasm.

## REPORT:

Narayana Engineering College, Gudur Civil Department NSS unit has organized an “Elocution Competition” on the eve of “World Ozone Day” i.e. 16th September, 2021. Every year September 16th is we celebrate World Ozone Day. The main aim is to remind the world about the depletion of the ozone layer and its dangers. The ozone layer of the Earth protects us from the harmful ultraviolet rays of the sun. Unfortunately, our race for maintaining a high quality of life has led to its depletion. On 1st January 1989 the Montreal Protocol came into force to stop the depletion and reduce the usage of substances that cause holes in our protective blanket. Sustaining the Ozone layer is hence the collective responsibility of all the nations. We as NSS planned to conduct an Elocution Competition with theme **“Save Ozone Save Earth”** to exhibit your creativity and ideas towards importance to save ozone layer out of depletion. Many students participated in the competition and showcased their creativity. Certificates are awarded to all the participants who participated in the competition.

We are the agents of Environment change. Let's join hands to preserve life on this planet by protecting Ozone Shield. Let's take an oath to protect Ozone layer and save earth on World Ozone Day.

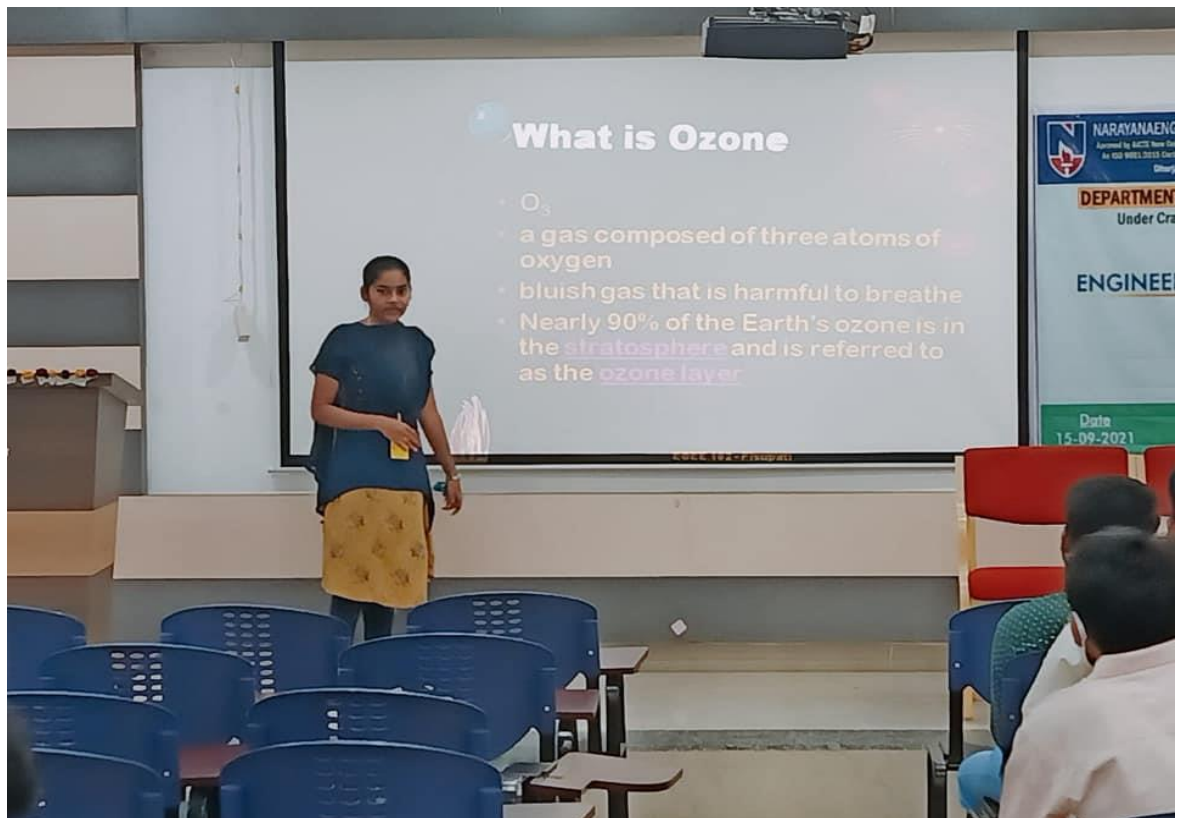

*“Earth without OZONE is like a house without roof”*

*“Ozone, not a layer but a protector”*

## REPORT:

'World Suicide Prevention Day' was organized in NEC, Gudur on 10-09-2015. The program was organized by ECE Dept, NSS unit in association with Narayana Medical College, Nellore. Dr.P.Ranjith Kumar delivered a speech on the importance of being alive and how to overcome the idea of committing suicide. The main reason for suicides is "NOT SHARING". People who met with suicides are not sharing their problems and issues with other people who are close. He also expressed YOGA, MEDIDATION, SPIRITUALITY, BHAKIBAVAM can prevent the suicides. The people who commit suicides are the people who don't have goals. Everybody in life should take the failures as learning. He also expressed that people should take problems as a challenge and face it. In this program Principal said, if a student has a problem he has to speak with the teachers or with his friends. He assured that the institute is there to solve their problems and advised them not to have any suicidal tendencies which would destroy the parents' wishes and hopes. As we pause to raise awareness of the importance of suicide prevention. As an Institution, we stand with all who struggle with mental illness, and we continue our work to prevent this heartbreak in our Institution.

### REPORT:

As part of NSS activities NARAYANA ENGINEERING COLLEGE, GUDUR NSS unit conducted Awareness Campaign & Rally on Usage of Eco Friendly Ganesha in association with Rotary Club, Gudur on 09-09-2021 in Gudur Town. In India, Ganesh festival is a very important festival celebrated by many with grandeur, fun, and colours. During this occasion as tradition demands, colourfully pointed idols are brought home for the special occasion. But in a more fact full aspect, these colours used to paint the idol are chemicals which pollute the water on immersing the idol, killing many aquatic bodies. Hence, this rally was organized in order to educate today's youth on the topic and to propagate the use of eco - friendly Ganesh idols and also distributed clay Ganesh idols to the people.

### **REPORT:**

Narayana Engineering College, Gudur conducted National Nutrition Week in association with MPUP High School, Potupalem on 03-09-2021. Nutrition is an issue of survival, health and development for current and succeeding generations. Child born underweight have impaired immune function and increased risk of diseases such as diabetes and heart diseases in their later life. Malnourished children tend to have lower IQ and impaired cognitive ability, thus affecting their school performance and then productivity in their later life. It has to be realized that the nutritional health and all age groups represent say National Economic Asset. Our Students distributed nutrition related material to people and school children's. 45 members of students and 9 members of staff have participated in this programme.

**REPORT:** To create awareness about dengue, its causes, symptoms and remedies NSS unit organized Dengue Awareness Campaign on the occasion of World Mosquito Day on 20-08-2021. This awareness program was conducted in the neighbourhood villages which include Janardhan Reddy Colony and Dhurjati Nagar Colony. The NSS volunteers took this opportunity to create awareness among the public about dengue and the Aedis Mosquito which causes the dengue. The students also showed them the "Larva" which emerges from the egg of Aedis Mosquito. Students visited each house and especially slum areas and created consciousness among lots of People who were unaware of these Dengue situations and also informed them about the Dengue fever, its severe effects and how to tackle these situations in an easy simplified manner so that they could remain safe. The students also requested the people not to leave the water to get accumulated nearby their residences. The campaign covered around 100 houses in the neighbourhood villages. This effort was highly appreciated by the public.

## REPORT:

A Blood donation camp was organized by our NSS unit, in collaboration with Indian Redcross Society, Nellore, through which more than 96 units of blood was donated by both students and the staff members of our Narayana Engineering college. It is a way of Narayana Engineering College; Gudur gesture in bringing a ray of hope to contribute to the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it. In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

**REPORT:**

While the vaccine is an important part of COVID-19 protection, it is important to emphasize the continued practice of COVID Appropriate Behaviours or CAB (frequent and thorough hand washing using soap and water, wearing a mask/face cover and physical distancing of 2 Gaj (6 feet)) for personal safety and prevention of community transmission.

The NSS Unit of Narayana Engineering College has conducted a COVID-19- Vaccination Drive in the campus in association with Primary Health Centre, Gudur, on 28-08-2021. The drive was started at 10.00AM in the morning and continued up to 3.00 PM.

The faculty members actively participated & monitored the students in the drive throughout the day. During this drive around 71 members of the institution including Students and Staffs have been vaccinated successfully.

Principal of the college highlighted the importance of the vaccine and gave their well wishes to the gathering. We take this opportunity to thank all the teaching and non teaching members who have supported us directly or indirectly. Finally, The NSS unit of NECG thanks the Primary Health Centre, Gudur.
