Department of Physical Education of Narayana Engineering College, Gudur have conducted Slow Cycling Competition for Boys and Girls On 05th January 2022 on the eve of **National Youth Day 12th January 2022**. Principal Dr.V.Ravi Prasad and Physical Director Mr.M.V.Raghavaiah started this event with clap. In total 25 Students were participated (both girls and boys) in the event with full of joy and enthusiasm.

Main theme of the event is **“Students are the building material of a Nation”**. No nation can grow into its peerless and matchless standards until its students become its foundation. A fearless and eminent act is to speak out loud against the enemies of the state. As we all know, the glory of victory never be forgotten. so we should forward our steps towards the victory. The incognito and judgmental behavior of elders put the passionate, ardent and fiery youth into the dumping creaky condition but actually we are all incongruous to one another and this is the main reason of the conflict. No one can be zealous and hundred percent
