A National Level Workshop on Android App Development

The Coders club of CSE Department, NECG has conducted A National Level Workshop on **"Android App Development"** sponsored under AICTE SPICES SCHEME in association with **Indian Server Vijayawada** on 18/12/2021. The resource person Mr. Rajesh Kumar, Cloud Senior Software Engineer (Android), L&T technology Services Ltd, Bangalore addressed the students and explained about "What is Android App Development?, "How does it work?", And explained the pre-requisites and the development process in each phase of Android App development. This simple and in-depth explanation made students understand the topic and its applications in this field. Later he explained it's value and demand in the development sector which created interest in students and made them feel interested in learning Android App development and was a useful path to clear doubts for students already interested in this Android App Development sector. 192 students attended the workshop.

Various points on the need of Android App Development and it's scope, exposing ourselves in the IT industry were also discussed by the resource person.
