Report on Workshop for National Science Day

Date: 01/03/2025

Organized by: Department of Computer Science and Engineering (AI & ML)

Date: 28th February 2025

Participants: II B. Tech II Semester Students

Introduction

The Department of Computer Science and Engineering (AI & ML) organized a workshop on National Science Day, 28th February 2025, to celebrate science and encourage students to innovate. A Project Expo was also announced, giving students a chance to showcase their projects.

Objective of the Workshop

The workshop aimed to:

- Celebrate National Science Day and highlight the importance of science.
- Introduce students to AI and ML.
- Provide hands-on experience in developing projects.
- Encourage students to participate in the Project Expo.

Workshop Sessions

The workshop included the following sessions:

1. **Inaugural Session:**

   The event began with a welcome speech by our principal and Head of the Department who spoke about the importance of National Science Day and AI & ML in the modern world.

2. **Technical Session:**

   Experts from academia and industry shared insights on AI, ML, and their real-world applications. Topics covered included:
   - Introduction to AI & ML
   - Applications of AI in different fields
   - Basics of project development using AI tools

3. **Hands-on Training:**

   Students took part in a practical session, where they worked on mini-projects under the guidance of faculty members.

4. **Project Expo Planning:**

   Guidelines for the Project Expo were shared, and faculty members guided students on selecting and developing projects.

Conclusion

The workshop was a great success, with students participating enthusiastically. It helped them understand AI & ML better and motivated them to take part in the upcoming Project Expo and thanks all speakers, faculty members, and students for their efforts in making this event successful.
