		Ethics: (Code of Ethics) Teaching and Research is a novel profession based on moral values. Ethics and honesty are very important components of teaching and research. Presenting others work as their own is not healthy practice. It may distress on the reputation of the institute. The Research Committee of the college motivates faculty members and students to take up innovative and creative projects, participation at national and international level competitions and publishing research work in the form of journals or books. In practice, due care is taken in terms of code of ethics and plagiarism. All Students and staff must follow the code of ethics: Rules for the promotion of Academic Integrity and Prevention of Plagiarism ✓ Students enrolled in academic program must follow the code the ethics. Violation of code of ethics includes submission of item of academic work that has previous been submitted without fair citation of the original work or authorization by the faculty member supervising the work. ✓ It is responsibility of a faculty of the institute to distinguish original content from plagiarized work. The detection of the plagiarism is a judgement to be made by a person who understands the subject and who is also aware of the definition of plagiarism. Such person would also be aware of the tools available to detect the plagiarism. ✓ Every student of the college submitting project report/ research paper in B.Tech or M.Tech thesis is required to submit an undertaking by stating that the report or the document that has been prepared by him/her is the original work and is free from plagiarism. There must also a statement in the undertaking that the report has been checked through a plagiarism tools. A plagiarism report must be included in the project report. ✓ A certificate must be submitted by all the guides or project supervisors indicating that the work done by the student under him/her is free of plagiarism ✓ Plagiarism is checked by using the website https://www.scanmyessay.com/ ✓ If anyone detects that a case of plagiarism has happened in any document, he/she shall report the matter to the Principal and the complaint will be referred to the College authorities to take appropriate action. Data Privacy: ✓ All stakeholders have the opportunity to provide feedback. ✓ Student feedback is a core component of program evaluation but feedback is also sought from Alumni, Parents, Faculty and Employers. ✓ The Feedback processes will be systematic. ✓ The feedback mechanism includes survey forms.
