

## CAREER GUIDANCE CELL

At Naryana Engineering College, Autonomous Gudur, we impart Outcome Based Education (OBE), the three possible outcomes the student finally achieve when he complete his UG programme are education/employment/entrepreneurship. The CG cell provides relevant academic, employment and career information to enable students in making and implementing informed educational and occupational choices, CG Cell provide assistance, advice and keep students better informed so that they become architects of their own future.

The CGC of the college is constituted with a convener and seven faculty members one per department, the CGC team manages all activities/events and gives quality advices to students and keep students updated with latest employment/recruitment notifications and entrance exam announcements.

CAREER GUIDANCE CELL

**NARAYANA ENGINEERING COLLEGE**

## CAREER GUIDANCE CELL

### Vision

To guide the students for competitive exams and higher studies for their prospective careers

### Mission

To orient the students towards their goal through lectures, awareness programs on higher studies, competitive exams and opportunities in private and public sector organisations.

**NARAYANA ENGINEERING COLLEGE**

## **CAREER GUIDANCE CELL**

### **AIM**

Career guidance cell in Narayana Engineering College, Gudur aim at primarily to assist students in their career planning and provides information that helps the students to give direction to their aspirations and interest

### **OBJECTIVES**

1. To provide information about further course prerequisites, financial aid, academic planning, guidance for competitive examinations etc.
2. To promote career guidance & counselling through lectures by senior industrial experts and visiting professors.
3. To organize programs like personality development, communication skills, resume writing, analytical skills, quantitative ability, verbal and reasoning skills essential to all competitive exams.

 **NARAYANA ENGINEERING COLLEGE**

### **The roles and responsibilities of Career Guidance cell are**

- To assist students in their career planning and provide information that helps the students to give direction to their aspirations and interest.
- To guide the students for competitive exams after UG/PG.
- To provide info regarding *entrance exams* like ICET/GATE/CAT etc.,
- To conduct awareness programmes on career paths and professional avenues in private and public sector organisations.
- To provide information and support about further studies/programmes, financial aid, academic planning guidance for entrance/competitive examinations etc.,
- To conduct career counselling /guidance through seminars by experts from industry.
- To conduct programs, highlighting the prerequisites for various recruitment processes. So students can prepare well in advance and get selected.
- To conduct motivational programmes periodically on career growth, career choice etc.,
- To provide information about the skill set required for chosen career/profession.
- To provide info about higher studies in India and abroad with and without aid.

### *Availability of career guidance facilities*

CG cell has following facilities for proper functioning and carrying out its day to day roles and responsibilities.

- Four Round tables with a seating capacity of four students on each table,
- Computer systems with internet connection,
- Books on entrance exams like GATE, GRE, TOEFL CAT, GMAT BANKING BOOKS etc,
- Books on competitive exams like RRB ,NTPC, IES, SSC and CSE etc,
- Display boards to disseminate information about various stages and steps in career/professional life

### *Services provided by CG Cell;*

- ❖ Helping student to fill applications for higher studies, acquiring Letter of Recommendation and necessary documentation for admission in higher education.
- ❖ Conduct mock test/practice tests for the entrance/competitive exams such as CAT, GRE, GMAT, GATE etc.,

### *Counseling for higher studies (GATE/GRE, GMAT, etc.,)*

The responsibilities of counseling in the higher education sector is entrusted upon the students counselor/mentor, they are responsible for helping mentees who are keen to pursue higher education. The counseling includes assistance to apply, prepare for entrance exam, and general guidance. Special invited introductory seminars are held at NECG on higher education of PG aspirants.

Welcoming resource person on to the stage

An UX designer is responsible for the overall look and feel of a product, while a UI designer is solely responsible for the interface. An interface is the point where the user and product meet and interact. An input interface could be a touch screen, keyboard, mouse, or on/off button.

The job of the UI designer is to create an interface that's easy to use and understand. They achieve this with an impressive combination of buttons, menus, search bars, and labels. You may notice a UX/UI designer job title in some organizations, which is the two roles merged into one.

A total number of students benefitted through this program-**114**

# **NARAYANA ENGINEERING COLLEGE::GUDUR**

**AUTONOMOUS**

The GRE General Test and GRE Subject Tests were designed to achieve a specific intended purpose that adds value to the admissions decision-making process. GRE scores can: support institutions' efforts to identify which applicants are academically prepared for graduate-level study.

Although the GRE Analytical Writing measure contains two discrete analytical writing tasks, a single combined score is reported because it is more reliable than a score for either task alone. The reported score ranges from 0 to 6, in half-point increments.

The statements below describe, for each score level, the overall quality of analytical writing demonstrated across both the Issue and Argument tasks. The test assesses "analytical writing," so critical thinking skills (the ability to reason, assemble evidence to develop a position and communicate complex ideas) are assessed along with the writer's control of grammar and the mechanics of writing, hence a total number of students benefitted through this program are 144.
