

ENTREPRENEURSHIP DEVELOPMENT CELL (EDC)

ENTREPRENEURSHIP DEVELOPMENT CELL

Entrepreneurship is increasingly recognized as an important driver of economic growth of a country. Government of India has recognized the importance of entrepreneurship and has introduced programs *like "Make in India" & "Start-up India"*. Prime Minister of India is taking personal interest in these programs and putting in a lot of thrust on "Make in India" and "Start-up India", as part of his vision towards driving India as the industrially developed country.

In keeping with the ideology of the Prime Minister of India, every professional as well as technical and other educational institution have to guide and encourage the students towards developing initiative and urge in them towards promoting themselves as the future entrepreneurs. For achieving this objective every institution has to make it a point to start "**ENTREPRENEURSHIP DEVELOPMENT CELL**" in their institutions. The aim of Entrepreneurship Development Cell (EDC) is to develop and strengthen entrepreneurial qualities in the budding professionals who have the zeal, enthusiasm and desire to develop the idea of self employment can be motivated to start their own ventures. Our College provides infrastructure and technical support to the students having innovative ideas that may transform in to new products and services for their betterment and that of the society and for generating employment/Wealth in the society. EDC also assists all the aspirants with mentoring, planning and execution of their start up idea to turn into a reality. The EDC has maintained a pool of Sponsors like banks, national entrepreneurship, District Industries centers, training agencies and suppliers, who are willing to help the budding entrepreneurs. Hence an

Entrepreneurship Development Cell was constituted in the college with a dedicated team of actively working members of faculty having exposure to industry, along with some student representatives. Aspiring engineer entrepreneurs are groomed with the necessary inputs on how to be a successful entrepreneur through workshops and seminars involving eminent personalities from the industry. Through the EDC, we encourage the students to consider self-employment as a career option, providing necessary training in Entrepreneurship skills through standardized courses. The cell also organizes different activities and events from time to time to train and motivate the students on choosing entrepreneurship as a career.

Vision:-

Our vision is to see that our Society in general and the Country in particular grow and develop into Industrially advanced, in generating wealth and in providing employment opportunities for the youth of the country. It is our idea to see our students turn in to responsible citizens with integrity and sustainability coupled with individual ability and creativity. We are sure our efforts would prove successful and are confident of motivating our students in aiming high and in believing in their ability and capability and in proving themselves as successful entrepreneurs' contributing to the prosperity of the society/country in their progress from an industrially developing country to a industrially developed country.

Mission:-

To be the leader in enabling and facilitating entrepreneurs, support the sparks of budding entrepreneurs and manifesting the spirit and energy of young students from the stage of ideology to the stage of start-up to establishing and scaling up with integrity and sustainability through constant guidance and mentoring by a team of experts with their various programs and schemes.

Objectives:-

- 1.To act as an institutional mechanism for providing various services including making available the required information to the budding student entrepreneurs.
- 2.To create foster Entrepreneurial culture in the our Institution/other institutions in the region to promote the objectives of NSTEDB, including programs related to women and weaker sections of the society
- 3.To work towards fostering better linkages between the our Institution, Industries and R&D institutions in the region and other related organizations engaged in promoting Small & Medium scale Enterprises (SMEs) including NGOs and other Voluntary Organizations.
- 4.To promote development of S&T based Enterprises and for generating employment opportunities
5. To help respond effectively to the emerging challenges and opportunities both at national and international level relating to SMEs and Micro Enterprises.

Functions:-

- ❖To organize Entrepreneurship Awareness Camps, Entrepreneurship Development Programs and Faculty Development Programs in the region for the benefit of S&T enthusiasts.
- ❖To develop and introduce curriculum on Entrepreneurship Development at various levels including degree/PG courses of the parent institution and our other institutions.
- ❖To conduct research work and survey for identifying entrepreneurial opportunities (particularly in S&T areas and Service sector).

- ❖ To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining project approvals, loans and facilities from agencies of support systems and in providing information on various technologies
- ❖ To organize guest lectures, TV & Radio talks, Seminars etc. for promotion and growth of entrepreneurship.
- ❖ To arrange visits to industries for prospective entrepreneurs.
- ❖ To extend necessary guidance and escort services to the trainees in obtaining approval and execution of their projects.
- ❖ To act as a Regional Information Centre on business opportunities, processes, technologies, markets etc. by creating and maintaining relevant databases.
- ❖ To provide testing, calibration, quality assurance, design, tool room, pilot plant and other necessary facilities for budding Entrepreneurs besides developing expertise in Intellectual Property rights, Patents' search etc.
- ❖ To render advice to sick enterprises and in assisting the entrepreneurs in rehabilitating the sick units.

The Entrepreneurship Development Cell consists of the Following Members:-

1	Professor In-Charge	EDC
2	Member Secretary	Senior faculty from MBA

The Entrepreneurship Development Cell (EDC) organized an extempore activity for II MBA students on 02-07-2021 through on line mode (zoom app) by 3.00 P.M on the topic “Role of MSME’s in Indian Economy” on the occasion of world MSME day. The main object of the program is to create an idea about the role of Micro, Small, Medium and Large scale enterprises and its role in the Indian economy.

In fact, the Majority of the GDP of the nation it is being generated by the Micro, Small, Medium and Large enterprises in India. That’s reason why there is a huge importance for the development of MSME’s in India. Students were effectively and actively participated in the event hence the program was successfully conducted. Total 30 students actively participated in the event. Prof. V.Ravi Prasad Naidu Garu expressed his view on the role of MSME in India and explained what are the various problems of MICRO, SMALL & MEDIUM enterprises in India and what are the measures need to be taken to overcome the problems entrepreneurs to establish a business unit. As part of the discussion witnessed 80% of the GDP from industrial sector coming from Micro entrepreneurs and along with many small scale industries are suffering a lot with the financial problems and also explained about government need to come forward to provide financial assistance to the new business entrants in the competitive world.

GUEST LECTURE ON DIGITAL MARKETING ON 10.01.2020

The guest lecture Dr. Sudheer Sandra proceeded in a very interesting manner wherein participants were taught to write blogs on different websites and share it with the mass. They were allowed to choose any topic of their own choice to write the blogs making it a first story they are going to share with the people on different media. Another guest speaker Mr. Sai Ramesh portrayed interesting examples related to digital marketing. They were also taught about mass mailing where they can send bulk mail to the majority of the candidates at once. The workshop proved to be very beneficial to all the participants in terms of learning and gaining new The participants were also confident about content marketing and digital marketing. The attendees

provided very positive feedback on the workshop conducted and also asked to conduct many more such workshops for their knowledge up-gradation and skill enhancement.

TECHNIQUES FOR IDENTIFICATION & SELECTION OF ENTREPRENEURS ON 26.10.2019

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur conducted a Seminar on “Techniques for Identification & Selection of Entrepreneurs” under EDC Cell on 26th October 2019 by Mr. .S.V.N Badrinath, Senior Software Engineer, HP Solutions, Hyderabad. The resource person has been introduced by the Dr.P. Venkateswara Rao, Head of Department-CSE. Followed by which principal Dr. Ch.V.S.Parameswara Rao addressed the students. He had explained what are the entrepreneurs, how to searching for ideas and explained basic understanding, applications of business strategies, marketing strategies. Totally 105 students have benefited this seminar. An entrepreneur is a person who engages the activities of organizing, managing and assuming the risks of a business. Identification and selection are like comer stones of business enterprise. In a sense, identification and selection of a suitable business opportunity serves as the trite saying ‘well begun is half done.

PROBLEMS AND PROSPECTS OF ENTREPRENEURSHIP” ON 27.09.2019

Entrepreneurship Development Cell in collaboration with the Department of Management studies organized a guest lecture on “Problems and Prospects of Entrepreneurship” on 27.09.2019. Dr. O. Vijay Kumar, Head of Department-MBA, introduced the resource person Mr. Y. Vidya Sagar, Managing Director, Cifal Herbal Private Limited. The introduction accentuated his contributions towards solving problems in Start-up and Entrepreneurship domains.

Mr. Y. Vidya Sagar while addressing students and members of the faculty of NEEG triggered essential questions in the young minds. And also he addressed the gray areas in imitation and innovation that influence the success rate of startups and many business industries. He covered topics like Age of disruption, and Leadership skills. He explained the need of analyzing skills to face risks and consistency in developing skills. “You are

the multiplier for the development of future India” was his message for aspiring young students. He also asserted “never create a solution to the problem that never existed”.

Further, the students interacted with Mr. Y. Vidya Sagar clarifying their doubts in startups and ventures. He strongly suggested to them, “Build something for people they want to buy, but not what you want to sell something to them.” Dr. O. Vijay Kumar, HOD-MBA concluded the program by summarizing the essential points and take home formulae shared by the speaker

PROGRAM ON WOMEN'S ENTREPRENEURSHIP ON 10-08-2019 TO 11-08-2019

25 DEDICATED TEAM

COME TOGETHER FOR A UNIQUE MENTORSHIP PROGRAM

Date: 10th & 11th Aug 2019 Venue: KL University, Vijayawada

Mentored by Nexus, Startup Hub @American Center, Public Affairs Section,
U.S. Embassy, New Delhi - Promoting Women Entrepreneurship

The Project Presentation Competition on 10th and 11th August 2019 in the KL university auditorium. The event saw the participation of 24 teams from 16 colleges across the 13 districts of Andhra Pradesh.

The participants presented their ideas on various entrepreneurship challenges and each team proved to be better than the other making the competition tough. The event was judged by the very experienced faculty, businessmen, and other Government officials. The judges were impressed by most of the teams and found it very difficult to decide the 3 winners. Our college sent 25 members who presented their papers. Aruru Guru Gayatri (908506391741/17F11A05B6) from the department of computer science and Engineering made the college proud by bagging the 2nd Prize and received certificates and a trophy for the same. The idea presented was “Automatic Attendance Mapping System”. More members were sent by our college as

part of the Entrepreneurship development policy to encourage intercollegiate participation.

All in all the conference was an extreme success. We would like to thank the Management, Faculty, and Students for their participation and successful presentation of their ideas. Overall it was a very good experience and a good exposure for all the students who participated. The College Management, Director, and Principal have congratulated the students, Innovation and Incubation Cell (IIC), Entrepreneurship Development Cell (EDC) for their achievement in scoring II Prize in the state level prestigious competition. Overall it was a great opportunity for the students to present their ideas. We wish our students all the best for your bright future.
