## Report On Kargil Vijay Diwas

1	Name of the Activity/Event	<b>Kargil Vijay Diwas</b>		
2	Date of Activity/Event	26-07-2018		
3	Name of the committee	NSS UNIT		
4	Place of Activity/event	NEC, Gudur.		
5	Activity/Event objectives	1. World Peace must develop from inner peace. 2. Peace is not just mere absence of violence. 3. Peace is the manifestation of human compassion.		
6	Participation	Students	Faculty	Total Participation
		80	15	95
7	Enclosures	1.Report 2.Photos		

**Report:**

Kargil Vijay divas, named after the success of operation Vijay on this day, 26 July 1999, India successfully took command of the high outposts which had been lost to Pakistan intruders. The kargil war was fought for more than 60 days, ended on 26 July and resulted in the loss of life on both sides, India and Pakistan. With the regain possessions of kargil, kargil Vijay diwas is celebrated on 26 July every year in honour of the kargil war's heroes.

So our NSS unit decided to celebrate the Vijay kargil day in mechanical seminar. We sleep in our houses without any tension as the soldiers are awake at the borders to ensure our safety. Kargil Vijay Diwas is both a pride inducing moment and a prick in the hearts of millions. It is an important day for every Indian regardless of religion, class, creed or race. Thousands of soldiers bravely fought for our country and gave their lives to successfully take command of the high outposts of Kargil Drass Sector. Principal talked about the importance of peace and paid homage to the soldiers who left for the heavenly abode during the war. At last event was finished by singing national anthem.

### **Brief Report:**

Narayana Engineering College, Gudur conducted National Nutrition Week in association with MPUP High School, Gudur on 04-09-2018. Nutrition is an issue of survival, health and development for current and succeeding generations. Child born underweight have impaired immune function and increased risk of diseases such as diabetes and heart diseases in their later life. Malnourished children tend to have lower IQ and impaired cognitive ability, thus affecting their school performance and

# NARAYANA ENGINEERING COLLEGE: GUDUR

then productivity in their later life. It has to be realized that the nutritional health and all age groups represent say National Economic Asset. Our Students distributed nutrition related material to people and school children's. 45 members of students and 12 members of staff have participated in this programme.

8	Enclosures	1.Report 2.Photos		

### Report:

'World Anti Suicide Day' was organized in NEC, Gudur on 10-09-2015. The program was organized by CSE Dept. NSS Programme Officer delivered a speech on the importance of being alive and how to overcome the idea of committing suicide. The main reason for suicides is "NOT SHARING". People who met with suicides are not sharing their problems and issues with other people who are close. He also expressed YOGA, MEDIDATION, SPIRITUALITY, BHAKIBAVAM can prevent the suicides. The people who commit suicides are the people who don't have goals. Everybody in life should take the failures as learning. He also expressed that people should take problems as a challenge and face it. In this program Principal said, if a student has a problem he has to speak with the teachers or with his friends. He assured that the institute is there to solve their problems and advised them not to have any suicidal tendencies which would destroy the parents' wishes and hopes.. As we pause to raise awareness of the importance of suicide prevention. As an Institution, we stand with all who struggle with mental illness, and we continue our work to prevent this heartbreak in our Institution.

		145	12	57
8	Enclosures	1.Report 2.Photos 3.Press Clip		

### Brief Report:

As part of NSS activities NARAYANA ENGINEERING COLLEGE, GUDUR NSS unit conducted Awareness Rally on Use of Clay Ganesh Idols program on 12-09-2018 in Chillakur Village. In India, Ganesh festival is a very important festival celebrated by many with grandeur, fun, and colours. During this occasion as tradition demands, colourfully pointed idols are brought home for the special occasion. But in a more fact full aspect, these colours used to paint the idol are chemicals which pollute the water on immersing the idol, killing many aquatic bodies. Hence, this rally was organized in order to educate today's youth on the topic and to propagate the use of eco - friendly Ganesh idols and also distributed clay Ganesh idols to the people.

## Report:

ECE Dept, NSS Unit conducted awareness program on “Social Hygiene” in ZPP High School, Nelaturu on 04-08-2018. For children, maintaining personal hygiene to improve their quality of life and longevity. This is of particularly important in a slum community with having compromised living condition. This Program was conducted (i) to find out the knowledge and practice of personal hygiene among the primary school children living in slum area, (ii) to identify misconception if any among them regarding the maintenance of personal hygiene,(iii) to find out their morbidity pattern, and also(iv) to elicit how practice of personal hygiene among the children and the literacy status of their mother. Future of a society depends considerably on the health of its children. The parents and the school teachers, as constructive motivators of children's health behaviors, should play a responsible role in educating of children on personal hygiene.

## Report On Awareness Programme on World Heart Day

1	Name of the Activity/Event	Awareness Programme on World Heart Day		
2	Date of Activity/Event	29-09-2018		
3	Name of the committee	NSS UNIT,ECE Dept.		
4	Name of the Association	Govt.Hospital, Gudur.		
5	Place of Activity/event	NEC, Gudur.		
6	Activity/Event objectives	<p>To inform people about cardiovascular diseases, which is the biggest cause of death?</p> <p>The day promotes preventative measures to reduce the risk of cardiovascular diseases.</p>		
7	Participation	Students	Faculty	Total Participation
		57	11	68
8	Enclosures	1.Report 2.Photos 3.Press Clip		

## **Report:**

**“World Heart Day”** was conducted on 29<sup>th</sup> September 2018 at Dept. of ECE, NEC. Gudur.

The World Heart Foundation organizes World Heart Day, an international campaign held on September 29<sup>th</sup> to inform people about cardiovascular diseases, which are the biggest cause of death. The day promotes preventative measures to reduce the risk of cardiovascular diseases.

Governments and non-government organizations celebrate and promote World Heart Day with activities such as fun runs, public talks, concerts, and sporting events. The World Heart Federation organizes awareness events in more than 100 countries. They include:

- Health checks.
- Sports events, including walks, runs and fitness sessions.
- Public talks and science forums
- Stage shows and concerts.
- Exhibitions.

On this occasion, we have invited Dr. K. Chandrahas, M.B.B.S., F.A.I.M.S, M. Sc. (Psy) to give an awareness talk. He has given valuable suggestions and advices related to Heart and he told World Heart Day was created to inform people around the globe that heart disease and stroke are the world's leading cause of death. Together with organizations such as WHO, the World Heart Federation spreads the news that at least 80 percent of premature deaths from heart disease and stroke could be avoided if the main risk factors – which are tobacco, unhealthy diet and physical inactivity are controlled. World Heart Day started in 1999 and is held on 29<sup>th</sup> of September every year.

The Chief Guest was felicitated. Finally, vote of thanks was given by Mrs. Ch. Manjusha, ECE Department to all who attended the program and made it successful.

## REPORT:

The National Service Scheme (NSS) unit of EEE Dept. organized a talk-cum-seminar on Organ Donation in association with DYWO/SETNEL, Nellore on 13-08-2018 at our campus. A total of 48 students participated in this talk-cum-seminar. despite having their final semester examination. The talk started with the welcome speech on a brief introduction of Organ Transplantation. Chief Guest beautifully described the type of transferable organs and tissues, discussed on renal failure, differentiated between being in a state of Coma and being Brain Dead and summarized the current case studies about the demands of organs transplantations and available resources. At the end of the seminar, Principal Sir summarized the overall importance and the need for Organ Donation and encouraged all students to create awareness among the youth. The program ended with the Vote of thanks by our NSS Program coordinator. The primary objective of this talk was to create awareness among the youth about the current scenario of Organ Donation and Tissue Transplantation and encouraged them to “Donate Organs and Save Lives,” One organ donor can save up to 8 lives and enhance the lives of many others through tissue donation. Overall, the day was quite informative, and there was an excellent interaction between all the volunteers and the respective speakers.

## Report on World Mosquito day

1	Name of the Activity/Event	World Mosquito day		
2	Date of Activity/Event	20-08-2018		
3	Name of the committee	NSS UNIT,CSE Dept.		
4	Name of the Association	Indian Red Cross Society, Nellore.		
5	Place of Activity/event	NEC, Gudur.		
6	Activity/Event objectives	To create awareness about dengue, its causes, symptoms and remedies		
7	Participation	Students	Faculty	Total Participation
		43	8	51
8	Enclosures	1.Report 2.Photos		

**REPORT:**

To create awareness about dengue, its causes, symptoms and remedies CSE Dept.NSS unit organized Dengue Awareness Campaign on the occasion of World Mosquito Day on 20-08-2018. The students were accompanied by the following staff N.Koteswara Rao and Ch.D.Sunil Kumar. This awareness program was conducted in the neighbourhood villages which includes Janardhan Reddy Colony and Dhurjati Nagar Colony. The NSS volunteers took this opportunity to create awareness among the public about dengue and the Aedis Mosquito which causes the dengue. The students also showed them the “Larva” which emerges from the egg of Aedis Mosquito. Students visited each house and especially slum areas and created consciousness among lots of People who were unaware of these Dengue situations and also informed them about the Dengue fever, its severe effects and how to tackle these situations in an easy simplified manner so that they could remain safe. The students also requested the people not to leave the water to get accumulated nearby their residences. The campaign covered around 100 houses in the neighbourhood villages. This effort was highly appreciated by the public.

## REPORT:

Narayana College of Engineering, Gudur has conducted a **Protesting Rally against terrorist attack on CRPF jawans at Pulwama** under NSS unit on 20<sup>th</sup> February 2019.

The students and staff of NEC, Gudur had participated in rally for **Protesting Rally against terrorist attack on CRPF jawans at Pulwama** to CRPF Jawans who were killed in terrorist attack at Pulwama district of Jammu and Kashmir recently.

NSS unit said Indian soldiers who were guarding our borders toiled in the snowy Himalayan region, unmindful of the biting cold, only to ensure the peace and happiness of the people of India and soldiers worked hard with a spirit of unity as Indians, transcending religious, caste, linguistic and all other barriers.

NSS unit wished to convey his deepest condolences to the bereaved family members of the slain personnel.

## REPORT:

Narayana Engineering college Gudur National Service Scheme (NSS) and EEE Dept. Organized World First Aid Day on 14-09-2018. In this program the students participated and learnt how to give first aid when there is a problem of burning, suicide, heart attack, snake bite, sunstroke. In this program DR.RAMI REDDY SOWRABH M.B.B.S.,M.D.(GEN.MED.) CONSULTANT GENERAL PHYSICIAN MYDHILI HOSPITAL ,GUDUR , delivered a valuable speech and given the awareness about the first aid tips and measures at different situations.

First aid is immediate help provided to a sick or injured person until professional help arrives. It is concerned not only with physical injury or illness but also with other initial care, including psychosocial support for people suffering emotional distress from experiencing or witnessing a traumatic event.

First aid is a vital initial step for providing effective and rapid intervention that helps reduce serious injuries and improve the chance of survival. Taking immediate action and applying correct and appropriate first aid measures make a difference when saving lives. Having quality, evidence based first aid education available to people worldwide will build safer and healthier communities by preventing and reducing risks in daily emergencies and disasters

8	Participation	Students	Faculty	Total Participation
		46	9	55
9	Enclosures	1.Report 2.Photo		

## **REPORT:**

National Voter's Day is celebrated every year on 25th January. This day was first celebrated in 2011 to mark Election Commission's Foundation Day. Through National Voter's Day, the Election Commission's objective is to increase the enrolment of voters, especially of the newly eligible ones. Working on this objective, on 25th January, the National Service Scheme (NSS), along with the Computer Science & Engineering Department organized a pledge taking ceremony, to celebrate the right to vote and the vibrant democracy of India. This was the 8th National Voter's Day and was used to spread awareness among the students, the new eligible voters regarding effective participation in the electoral process. The session began by educating the students about the importance of voting and how each vote matters in democracy, how the electoral voting sustains the democracy. Further the pledge was taken in both Hindi and English. A lot of students proudly took the pledge, indicating that the youngsters today are aware of their roles and responsibilities. The session ended with a promise to exercise the right to vote to push the country ahead by appointing a responsible authority.

## **Report:**

“Our health is our greatest treasure”. Taking care of one’s health is of utmost importance for everyone. But in our daily life, we look for excuses to not to visit our doctor. Be it for saving money or for other under the pretext that I am too young and healthy to go to a doctor or I don’t have time today; may be next week, I’ll get an appointment, and hence we keep on ignoring or neglecting our health. We do not understand a simple fact that performing regular health check – ups from young age can actually save preventing many diseases. Saving some bucks today by ignoring periodic check-ups, we increase the risk of occurrence of several health issues at a later date.

In order to bring awareness on regular health check-ups, to improve the quality of life and for enjoying good health throughout one’s life; under the guidance of Principal, Narayana Engineering College, Gudur, in association with Narayana Medical College, Nellore had organized a “Free Health Check-up Camp” at Vindhuru Village on 03-04-2019. The enthusiastic NSS Team, Faculty members including respected Principal, students have participated in health check-up camp.
